

DENTAL EXTRACTION CONSENT FORM

Many pets require additional extractions once he or she goes under anesthesia. As your veterinarian cleans the tartar off of each tooth underlying issues can be found such as abscesses, loose teeth, gum recession, etc. The condition of each tooth must be evaluated by your veterinarian before a decision is made as to the best course of treatment. Although no one likes surprises, it sometimes is impossible to give an accurate estimate before the day of your pet's dental procedure.

Additional procedures could include:

Dental radiographs:

- Single radiograph \$39
- Full mouth radiographs \$160

Tooth extraction:

- Easy \$25
- Simple \$48
- Moderate \$77
- Complicated \$115
- Very Complex \$150

Please check the appropriate option below:

Please perform whatever procedures & extractions are required at this time. The veterinarian is allowed to proceed as they see fit for my animal's health.

Please call me while my pet is under anesthesia if any additional procedures & extractions are needed. ***Be aware you must have this phone on you at all times today in order for us to reach you as quickly as possible with any questions or concerns about your pet. If we cannot reach you, we will proceed using our best judgment.**
